

This significant award recognizes their world-class medical and educational expertise, while helping to cement their position as a leader in the geriatrics field.

Investments like this are essential to strengthening health outcomes and ensuring a high quality of life for our loved ones as they age. The grant will support the Finger Lakes Geriatric Education Center, helping to fund specific education and training for Alzheimer's disease and related dementias. It will support the broader goal of creating a comprehensive age-friendly health system and work toward making Rochester and the Finger Lakes region a dementia-friendly community.

I am so grateful to the University of Rochester for their continued dedication and commitment to supporting the needs of older adults. I congratulate them on receiving this exciting grant award and look forward to continuing our work together to provide high-quality care to everyone who calls our community home.

CRISIS AT THE BORDER

(Mr. ROY asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. ROY. Mr. Speaker, I am here before a relatively empty Chamber, as is too often the case in the people's House, as I want to raise to the attention of the American people the absolute crisis and tragedy that is occurring on the southern border of the United States. It is unconscionable what we are allowing to occur.

As we speak today, a little girl and her mom will be abused on the journey through Mexico while this country, the most powerful nation in the history of the world, buries its head in the sand because my colleagues on the other side of the aisle, in a cynical political gesture and move, refuse to actually take up the supplemental request from the President of the United States for \$4½ billion to provide the beds and the resources necessary to deal with the crisis, and to start taking up the bills that we should take up to ensure we fix the asylum crisis that cartels are using for profit, and to fix the catch-and-release broken system that is allowing our system to be overrun, allowing communities in Texas to be overrun.

This is a tragedy, and it is unconscionable that this body will not address it.

IN RECOGNITION OF WOMEN'S VETERANS DAY

(Ms. JACKSON LEE asked and was given permission to address the House for 1 minute and to revise and extend her remarks.)

Ms. JACKSON LEE. Mr. Speaker, on June 12, 1948, President Harry S. Truman signed into law the Women's Armed Services Integration Act, allowing women to serve as regular members of the military.

In the State of Texas, a bill was sent in to establish Women's Veterans Day,

and that bill, in the Senate, was signed into law by the Governor of the State of Texas.

I am honored to represent over 170,000 distinguished women veterans in the State of Texas. Moreover, I am proud to work alongside the four women veterans serving in the 116th Congress, and many more.

On this day, it is imperative that we highlight women's role in the United States military. There should be no secret that women play an integral part.

They volunteer for the same reasons as men, but 4.3 percent of women in the military reported being sexually assaulted. Female veterans are three to four times more likely than their civilian counterparts to become homeless and 2.5 times more likely to commit suicide.

Mr. Speaker, I thank Dr. LaShondra Jones for bringing to our attention honoring women veterans today, and they will be taking part in many different activities. I am in awe of their invaluable service.

I want to salute them today on the floor of the United States House of Representatives. This is a wonderful day that we are celebrating Women's Veterans Day in Texas, but we should celebrate it and honor it in the United States of America.

CRISIS AT THE SOUTHERN BORDER

(Mr. BIGGS asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. BIGGS. Mr. Speaker, there is a lot I could say, but I want to point out a couple of things.

Right now, the Border Patrol has detention facilities that are designed to hold 4,000 people but are holding 19,000 people. ICE has facilities to hold 45,000 people, but it is holding 52,000 people.

We are releasing people regularly into communities and throughout this country. Mr. Speaker, ICE alone has released over 200,000 family units into the country this year.

In Yuma, Arizona, a facility designed for 250 people is currently housing 1,100 people.

It is going to be 110 degrees tomorrow. Most of those people are being held outside under awnings with a large swamp cooler to cool them. That will work okay. It will be livable. It will be uncomfortable, but livable. But in about 3 or 4 weeks, when it is 115, 120 degrees and the humidity is out of this world, those swamp coolers will not work.

Mr. Speaker, I am asking and going to make a motion to adjourn because our colleagues refuse to bring a supplement that would pay for humanitarian and detention facilities.
